Australian Jobs 2014 now available

This publication can be accessed at

It includes information about the labour market for industries and occupations as well as states, territories and regions of Australia. It also provides employment opportunity information that will help you understand where the jobs might be in the future. For example, the following information is from page 24 of *Australian Jobs 2014*. The ten occupations with the largest number of new jobs expected to November 2018 are:

Carers, Aged and Disabled
Sales Assistants (General)
Registered Nurses
Clerks (General)
Child Carers
Retail Managers
Accountants
Advertising and Sales Managers
Electricians
Education Aides.
This does not mean that there will not be new jobs in other occupational areas. It means that the above jobs are expected to have the largest number of new jobs.

Health Heroes website – jobs in health

The Health Heroes website at http://healthheroes.health.gov.au/ is a resource that has been developed as part of a campaign to encourage Aboriginal and Torres Strait Islander secondary students to pursue a job in the health sector. However the information on the website is useful for all students. The Health Heroes website provides information on a range of health jobs, training options and career pathways in the health field. It includes an interactive career quiz, which suggests a range of health jobs based on participants’ interests and skills base. There are case study videos on the website of young Indigenous people talking about their real experiences and health-related jobs.

Other Local Supports and Information

headspace Redcliffe is now open! Headspace offers support in four key areas:

- Mental health
- Physical/Sexual health
- Alcohol and other drug services
- Education and employment services

We do this by providing free access to private practitioners, including psychologists, occupational therapists, social workers and even our very own General Practitioner!

We are open from 9.00am to 4.30pm Monday to Friday and young people can refer themselves by either walking in, phoning or emailing us. They can also ask family, a friend, a teacher, doctor, or someone close to them to make the referral on their behalf. Headspace phone number is 3897 1897 or email
Triple P for Sibling Conflict project

Professor Matt Sanders and the team from the Triple P-Positive Parenting Program at The University of Queensland are inviting parents to participate in a groundbreaking research study examining sibling conflict. This is the first time Triple P researchers have addressed the issue of sibling conflict.

Who is Eligible to Participate?
All parents of siblings who have children aged between 3-10 years with no more than 4-years separating the two siblings are eligible to participate.

How much does it cost?
Participation in the program and all relevant materials will be provided to parents completely FREE of charge.

What is involved in Participation?
Participants will complete an online assessment of approximately 5 minutes duration to make sure the program is suitable for them. Participation will then involve a 2-hour parent group, a series of measures, and for some participants, a series of observation sessions.
For further details see: https://exp.psy.uq.edu.au/siblings

Career in focus

Artilleryman (from Defence Forces BRISBANE CAREERS PROMOTION TEAM NEWSLETTER)

An Artilleryman is an important part of the team required to provide vital fire support to ensure the success of combat operations. Firing 105 millimetre or 155 millimetre guns in tough and challenging environments, most of the time you'll be reliant on data to engage targets – up to 30 kilometres away.

Military Training
All General Entry recruits into the Australian Regular Army are required to complete the Recruit Course located at Kapooka. Wagga Wagga NSW.
During the 80 day Army Recruit Course you will be required to take part in physical training, weapon handling and shooting, first aid, drill and field craft.
