Whilst the cost of providing instruction, administration and facilities for the education of a student at a state school is met by the State, a parent is directly responsible for providing the student with textbooks and other resources for a student's use while attending school. The Student Resource Scheme is separate to and distinct from a request for a voluntary financial contribution. Assistance is provided in the form of a Textbook and Resource Allowance which is paid once a calendar year through the school. This is to offset the fees associated with participation in the school's Student Resource Scheme. Current allowance rates are available from http://education.qld.gov.au/finance/grants/fund/garp/html/par-stu.html.

As a service to assist parents with the cost of these educational resources, Murrumba State Secondary College has chosen to operate a Student Resource Scheme (the Scheme). The purpose of the Scheme is to provide parents with a cost effective alternative to purchasing textbooks, resources, consumables and/or materials from elsewhere, through reduced prices gained from the College’s bulk purchasing processes.

| Student Contribution | $265 plus the Govt. Text Allowance of $123 (Actual value for 2017 resources $1625.08). A list for 2017 will be available upon request from College Administration late in term 4 or on our website in 2017 |

A Student Resource Scheme enables a parent to enter into written agreement with the College that, in return for payment of a specified annual participation fee, provides for the participating student’s temporary use of prescribed textbooks and other resources and/or for the purchase by the parent of consumables and materials for the student's use. Participation in the Scheme is voluntary, and no obligation is placed on a parent to participate. A parent's decision to participate is based on consideration of the value afforded by the Scheme. The MSSC Scheme provides excellent value for money. A comprehensive list of what the Student Resource Scheme participation fee provides for your child is available from the College Administration Building.

A parent who does not wish to join the Scheme is responsible for providing the student with the items on this list that would otherwise have been provided to the student by the Scheme to enable the student to engage with the curriculum.

Please ensure you have read the full terms and conditions relating to the Student Resource Scheme located on the back of this page. All parents and carers are required to complete the relevant section (both participants and non-participants) indicating your preference. Participants of the Student Resource Scheme are required to fulfil their full financial obligations.

Why Pay 2017 Student Resource Scheme Fees before January 2017?

We ask for all parents and carers to pay fees before the start of 2017 so that student learning materials and books may be purchased early and discounts secured through early payment and bulk ordering. All students will then have the opportunity of accessing their resources when they commence the school year. Please find attached-
