College Instructions for School Access

Murrumba State Secondary College values parent communication in relation to their child's education and wellbeing. Ongoing communication between the College and home plays a vital role in your child's learning experience. We encourage you to be involved and to communicate with teachers about your child's progress. It is important to notify us if you have a concern or if you believe your child is experiencing a problem.

Some ways of Communicating are:

1. Parents/Caregivers – Teacher meetings
You are welcome to discuss your child's progress with the teachers concerned. Please organise a mutually agreeable meeting time. Teachers are unable to meet with you while they are responsible for supervising other students. Please telephone or email to coordinate a mutually agreeable time.
2. Student – Parents/Caregivers – Teacher interviews
Parents/Caregivers - teacher interviews are arranged two times per year. These interviews provide an opportunity for teachers to discuss student progress, classroom procedures, issues and teacher student expectations.
3. Messages
Contact with the College can always be made by telephone, email or letter. Letters that contain sensitive information should be sealed and addressed to the intended reader. Phone messages will be relayed to teachers. All class teacher email addresses will be listed on our College website or can be accessed through Compass.

If you have a general issue e.g. having difficulty paying school fees or have concerns about a College staff member you can make contact with the Administration staff to calmly discuss the issue. They will pass any concerns on to the relevant staff member and endeavour to find a workable solution. It is important when communicating with the Administration or College staff that you:

- Remain calm and be respectful when discussing an issue.
- Try to keep an open mind and accept that multiple views reflect different perspectives.
- Deliver your complaint in a non-threatening and non-abusive manner
- Remember schools are busy and complex places, and sometimes it may take time to resolve certain issues

enrolment agreement

Murrumba State Secondary College follows the department's code of school behaviour which outlines expected behaviours for students, staff, parents and other members of the college community. For your information, this document is available on the department's website at the following address:
<https://behaviour.education.qld.gov.au/>

All visitors to the College are required to sign in when they come on site. One of the reasons for this is to ensure we have an accurate list of people who are on site for evacuation purposes. Please see our friendly office staff when you arrive at the College to sign in and where required complete an induction.

The school day starts at 8.35am and finishes at 2.35pm except on Thursdays. On Thursdays, the College is trialling finishing timetabled lessons at 12:50pm. Students exit the College at this time unless communication has been received from parents/caregivers that their child/ren will remain for supervision until 2:35pm. This allows the College to provide additional support and intervention for targeted students.

We open our front gates at 7.45am however, there is no supervision available for your child until their first class commences. Our back gates are not open for parents to enter the car park and a boom gate will be operational during term time to ensure only those who are authorised to park in the staff carpark can gain access. This is to ensure your child's safety whilst entering the College via the back entry.

The use of your child's account must be in support of, and consistent with, the educational objectives of the College, the College's [Student Code of Conduct Policy](#) and the Information Communication Technology Acceptable Use Policy and Agreement. Failure to follow these will result in the loss of privilege to use these facilities.

Although we have established Acceptable Use policies, please be aware that there may be unacceptable material or communications on the Internet that your child can access. Education Queensland provides a filtered internet feed to all schools and teachers will always exercise their duty of care, however protection against exposure to harmful information on the Internet must depend finally upon responsible use by students.

Information & Communication Technology

Acceptable Use Policy and Agreement

The department's [Digital Strategy 2019-2023](#) supports the investment in new foundations for contemporary learning, with near-seamless access to information and digital technologies at any time. Essential tools for providing these innovative educational programs include the intranet, internet, email and network services (such as printers, display units and interactive whiteboards) that are available through the department's ICT network. These technologies are vital for the contemporary educational program provided in QLD schools.

This policy sets out guidelines for the acceptable use of Information and communication technology (ICT) at Murrumba State Secondary College. Including access to and use of the internet and email, which are essential tools for schools in the provision of innovative educational programs. It is essential that students and Parents/Caregivers understand and acknowledge these policies and responsibilities.

RESPONSIBILITIES OF STUDENTS

A Word to Students on Personal Responsibility

When you are using the College network, it may feel like you can more easily break a rule and not get caught. This is not really true because whenever you do something on a network you leave little "electronic footprints," so the odds of getting caught are really about the same as they are in the real world. The fact that you can do something or think you can do something without being caught does not make it right to do so. Student devices should be backed up regularly; failure to do so is not grounds for extensions for assessment tasks. Non-educational programs are not to be installed on student devices used at the College.

The Department has supplied every student with up to 5 Terra-Bytes of storage on their OneDrive student account. Students are to use their OneDrive for storing document whilst enrolled at the College. Personal storage (e.g. USBs or external hard drives) are not permitted as these may contain viruses, malware and that personal files may be deleted by the DET security systems.

The College network is for storage and access of College course related materials only.

Responsibilities for using a personal mobile device on the department's network

- Students must complete and comply with the [College BYOD policy document](#) before bringing or connecting their device to the College network.
- Students are responsible for the security, integrity, insurance and maintenance of their personal mobile devices and their private network accounts.
- Where possible, appropriate anti-virus software has been installed and is being managed.
- Students must follow any advice provided on best security requirements e.g. password protection.
- Any inappropriate material or unlicensed software must be removed from personal mobile devices before bringing the devices to the College and such material is not to be shared with other students.
- Unacceptable use will lead to the mobile device being confiscated by department employees, with its collection/return to occur at the end of the school day where the mobile device is not required for further investigation.

Social Media

Students must not use social media inappropriately such as:

- Using College images and logos to create unofficial social media pages
- Uploading images of department employees or other students without consent
- Spreading fictional information that can damage the College

Authorisation and controls

The principal reserves the right to restrict student access to the College's ICT services, facilities and devices if access and usage requirements are not met or are breached. However restricted access will not disrupt the provision of the student's educational program. For example, a student with restricted College network access may be allocated a stand-alone computer to continue their educational program activities.

The Department of Education monitors access to and use of its network. For example, email and internet monitoring occurs to identify inappropriate use, protect system security and maintain system performance in determining compliance with state and departmental policy.

The department may conduct security audits and scans, and restrict or deny access to the department's network by any personal mobile device if there is any suspicion that the integrity of the network might be at risk.

Student Resource Scheme - Participation Agreement Form

The Student Resource Scheme

The Student Resource Scheme (SRS) is a user-charging scheme operated by schools to provide parents with a mechanism to access individual student resources that are not funded by the government.

Government funding for schools does not extend to individual student resources and equipment for their personal use or consumption. Supply of these items, such as textbooks and personal laptops/iPads, is the responsibility of the parent.

The objective of the scheme is to provide parents a convenient and cost-effective alternative to individual supply of resources for their students. Participation in the SRS is optional, and no obligation is placed on a parent to participate.

Terms and conditions for participating in the scheme are provided on the reverse side of the form. Information is also provided on the Textbook and Resource Allowance (TRA) where applicable.

This Participation Agreement Form applies for the duration of a student's enrolment at the school, however parents who are participating in the scheme can choose to opt out from the SRS in future years by completing a new Participation Agreement Form. Any new Participation Agreement Form submitted annually and received by the school will supersede the previous form lodged.

Parents pay the annual participation fee in accordance with the selected payment arrangement. If a student joins the school mid-year, a pro-rata participation fee may apply.

Parents not participating in the scheme must provide their student with all items that would otherwise be provided by the scheme as detailed in the information provided by the school. Parents can choose to join the SRS in future years by completing a new Participation Agreement Form.

To assist schools in managing and administering the scheme, parents are requested to complete the Participation section of this form and return it to the school.

If parents have not completed and returned the form before the due date indicated by the school in the SRS Annual Parent Information documents, the school will take the view that the parent does not wish to participate.

Payment

On agreeing to participate in the SRS, a parent agrees to pay the participation fee as advised and invoiced by the school. For families experiencing financial hardship, please contact the school as soon as possible to discuss options available.

Participation

YES I wish to participate in the Student Resource Scheme. I have read and understand the Terms and Conditions of the scheme (see reverse) and agree to abide by them and to pay the annual participation fee in accordance with the selected payment arrangement. I understand that I can opt out of participation in the SRS in any year by completing a new Participation Agreement Form.

NO I have read the terms and conditions and I do not wish to participate in the Student Resource Scheme. I understand I must provide my child with all items that would otherwise be provided by the SRS as detailed in the information provided by the school. I understand that I can choose to join the SRS in future years by completing a new Participation Agreement Form.

3. Parents are directly responsible for providing textbooks and other personal resources for their children while attending school.
4. The SRS enables a parent to enter into an agreement with the school to provide the resources as advised by the school for a specified annual participation fee.

Participation in the SRS

5. Participation in the SRS is optional and parents are under no obligation to participate.
6. The school will provide parents with a list of resources supplied by the SRS to enable parents to assess the cost effectiveness of participation.
7. Parents indicate whether or not they wish to participate in the SRS by completing this Participation Agreement Form.
8. Parents must complete and sign the Participation Agreement Form and return it to the school by the advertised date.
9. This agreement is for the duration of the student's enrolment at the school, unless a new Participation Agreement Form is completed.
10. Parents are given the option annually to choose whether to participate in the SRS or not by completing this form.
11. Where a parent signs up to participate in the SRS they are agreeing to pay the annual participation fee for the items provided by the SRS.

13. Where a student starts at the school during the school year, the parent may be entitled to pay a pro-rata participation fee to participate based on a 40-week school year.
14. Where a participation fee has been paid and a student leaves the school during the year, the school must determine if the parent is eligible for a pro-rata refund. This will also take into account any pro-rata of the Textbook and Resource Allowance (TRA) (see Additional Information regarding TRA eligibility) and any outstanding SRS debts (including any debts from damaged or non-returned items). Where the cost of outstanding debts is higher than the calculated refund, the parent is liable to pay this balance of funds.

17. All items included in the SRS must be able to be independently sourced, purchased and supplied by parents who choose not to participate in the SRS.
18. As the SRS operates for the benefit of participating parents and is funded from participation fees, SRS resources will not be issued to students whose parents choose not to participate in the SRS.

The Resources

19. SRS funds received by the school will only be expended on student resources outlined in the school's SRS and will not be expended on other items or used to raise funds for other purposes.
20. In return for payment of the participation fee, the SRS will provide the participating student with the entire package of resources for the specified participation fee. It is not available in parts unless specifically provided for by the school in the fee structure.
21. The resources, as determined and advised by the school may be:
 - retained by the student and used at their discretion; or
 - used/consumed by the student in the classroom; or

- hired to the student for their personal use for a specified period of time.

22. All SRS resources hired to a student for their temporary use remain the property of the school. The resources must be returned by the agreed date or if the student leaves the school.
23. Parents are responsible for ensuring that any hired SRS resources provided for their child's temporary use are kept in good condition.
24. The school administration office must be notified immediately of the loss or damage to any hired item.
25. Where a hired item is lost, not returned, or damaged, parents will be responsible for payment to the school of the value of the item or its repair.
26. The replacement cost of any resource may be up to the maximum value (subject to depreciation where appropriate) of the acquisition cost to the school.
27. Parents may be responsible for supplying their child with other resources not specified in the SRS as advised by the school.

Payment Arrangements

28. Payment of the participation fee may be made in whole, as per a nominated payment plan, or for another amount as approved by a Principal.

Introduction to the State School Consent Form (attached) for Murrumba State Secondary College

This letter is to inform you about how we will use your child's personal information and student materials. It outlines:

- what information we record
- how we will use student materials created during your child's enrolment.

Examples of personal information which may be used and disclosed (subject to consent) include part of a person's name, image/photograph, voice/video recording or year level.

Your child's student materials:

- are created by your child whether as an individual or part of a team
- may identify each person who contributed to the creation
- may represent Indigenous knowledge or culture.

Purpose of the consent

It is the school's usual practice to take photographs or record images of students and occasionally to publish limited personal information and student materials for the purpose of celebrating student achievement and promoting the school and more broadly celebrating Queensland education.

To achieve this, the school may use newsletters, its website, traditional media, social media or other new media as listed in the 'Media Sources' section below.

The State School Consent Form may, at your discretion, provide consent for personal information and a licence for the student materials to be published online or in other public forums. It also allows your child's personal information and student materials to be presented in part or alongside other students' achievements.

The school needs to receive consent in writing before it uses or discloses your child's personal information or student materials in a public forum. The attached form is a record of the consent provided.

It should be noted that in some instances the school may be required by the *Education (General Provisions) Act 2006* (Qld) or by law to record, use or disclose the student's personal information or materials without consent (e.g. assessment of student materials does not require further consent).

Voluntary

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

Consent may be limited or withdrawn

Consent may be limited or withdrawn at any time by you.

If you wish to limit or withdraw consent please notify the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

If in doubt, the school may treat a notice to limit consent as a comprehensive withdrawal of consent until the limit is clarified to the school's satisfaction.

Due to the nature of the internet and social media (which distributes and copies information), it may not be possible for all copies of information (including images of student materials) once published by consent, to be deleted or restricted from use.

The school may take down content that is under its direct control, however, published information and materials cannot be deleted and the school is under no obligation to communicate changes to consent with other entities/ third parties.

Bring Your Own Device

Dear Parent/Caregiver,

The following information has been developed as a guide for parents/caregivers and students regarding the “Bring Your Own Device” (iPad) program for Years 7, 8 and 9 at Murrumba State Secondary College in 2024.

The iPad BYOD program aims to introduce students to a diverse range of teaching and learning opportunities to prepare them for a digital-rich future. The College has been well positioned to provide effective ICT infrastructure to support this program by offering full wireless coverage to our students. To ensure every student is equipped with the 21st Century skills required for the future, MSSC recommends parents/caregivers to support the iPad BYOD program for their child. To connect to the College network the **BYOD Acceptable Use** form needs to be completed and returned to iServices.

BYOD Program

Year 7 – 9	iPad Device
Year 10 – 12	iPad, Windows or Mac Device (Based on Subject Selection)

Minimum iPad Specifications

iPad

iPad 5th Gen or later (iPad Mini not supported)

Parents/caregivers are also asked to purchase the following accessories:

- Ruggedised/protective case and screen protector

- A number of suggested Apps that are outlined in the MSSC Suggested Apps List

Purchasing Portal

The College have worked with suppliers Acer, Apple, JB HiFi, HP & Datacom to provide our students with competitive education pricing whilst also providing Support, Warranty & Finance solutions.

The portal provides a range of devices that meet our minimum specifications, suitable for the BYOD program for Year 7 to 12.

These Portal Links can be found on our college [BYOD page](#).

NOTE: Parents/caregivers are not required to purchase through these suppliers and can purchase from any retailer or use an existing device that meets the minimum specifications.

iPad Resources

There is a range of resources for parents/caregivers and students regarding iPads in the **Support and Resources** section on the College website (<https://murrumbassc.eq.edu.au>). The iPad resources section contains information on iPad set up, usage, filtering, protecting data and devices, cybersafety and a selection of other resources.

Frequently Asked Questions

Whose responsibility is the device?

The student is responsible for the device. MSSC is not liable for any damage or loss and it is recommended that parents/caregivers add the device to their home and contents insurance.

Will Murrumba State Secondary College take any responsibility for non-school data 'lost'?

No. Students assume ultimate responsibility for their own data files and should back up their data at least once a week in order to effectively protect their information.

Will an Internet filter be installed on the BYOD device?

No. The BYOD device does not have a filter installed, however students are automatically filtered when they connect at the College by the Managed Internet Service (MIS).

Can I purchase mobile internet for my child to use at school?

No. Students have full network access almost anywhere on College grounds. The use of a portable hotspots means students can get access to an unfiltered and unprotected internet access.

Does the device require antivirus software?

The department recommends Windows Defender that comes built-in to Windows 8 & 10. Other antivirus software can work with the College network. Please check with BYOD staff prior to purchasing.

Will there be a place where my child can leave the device unattended during a school day?

Yes. Students will have access to a laptop locker to safely store their device for a small deposit of \$10.

Can my child use an android-based tablet?

Unfortunately, android-based tablets have limited capability within the College network. As we cannot guarantee connection, we recommend students use an iPad, PC or Mac.

Can my child install their own computer games and other personal software?

Yes. It is recommended they **own** the software before installing it on their device, all software and content must be appropriate and aligned to the BYOD Acceptable Use policy.

Will Students have access to technical support?

No. IT technicians can provide limited technical support regarding College connectivity, however, due to liability issues IT technicians or teachers will not be able to provide any further support on student owned devices.

Can students still access Microsoft Office 365?

Yes. Students can also download Microsoft Office 2016 free of charge on up to five tablets/smartphones and five compatible PCs and Macs. To download onto a tablet simply download the app and sign in with the student's school email address. For PC and Mac, visit portal.office.com and login using the student's school email address and follow onscreen process.

Who can I contact at MSSC regarding the BYOD program?

For further information contact Rhiann Nelson (Leader of Learning - eLearning) on 07 3490 3222 or email byod@murrumbassc.eq.edu.au regarding the BYOD program.

The benefits of the BYOD program are many and it is no surprise that there is currently a move towards providing students with digital learning first hand. Enhanced learning in the classroom and beyond, learning that is self-initiated, independent, engaging and provides students with the opportunity to apply rich learning in purposeful and meaningful ways. As well as engendering and teaching of a sense of responsibility and care for their own ICT Devices.

Yours Sincerely,

Sharon Cordiner

Principal
