

# LINK AND LAUNCH

## INGE ALBERTS

MURRUMBA  
STATE SECONDARY  
COLLEGE

### WHAT TYPES OF STUDENTS DOES LINK AND LAUNCH WORK WITH?

Any Year 12 graduate seeking guidance on entering employment, training, or further studies can benefit from our support. Whether you've started a university course and are seeking a different direction, wish to pursue an apprenticeship or traineeship, or require assistance with your resume and interview skills for securing employment, we're here to help you navigate your options effectively.

### HOW DOES LINK AND LAUNCH HELP STUDENTS IN YEAR 13/ RECENTLY GRADUATED?

Link and Launch provides personalised support to young people through one-on-one sessions. During these sessions, we explore your interests, strengths, and experience, and collaboratively develop a plan to help you achieve your goals.

### HOW CAN STUDENTS AND FAMILIES CONNECT WITH LINK AND LAUNCH?

During Next Steps interviews, all MSSC students will provide their contact details to Link and Launch.

### WHEN DO YOU START CONTACTING AND WORKING WITH STUDENTS AND FAMILIES?

I will start reaching out to students at the end of January 2025, however, you are welcome to reach out for pathway support from the moment you graduate.

### WHAT IS THE BEST PART OF YOUR JOB?

It's incredibly satisfying to be a part of someone's journey toward achieving their career aspirations and watching them grow as they learn about their own strengths and passions.
